

Swedish developer & supplier of orthopedic shoes

Product Catalog
2024-2025

Welcome to Material Consult!

With many years of experience in the orthopedic industry, we are today a well-established developer and supplier of orthopedic shoes in the Nordic region! Thanks to a good collaboration with you, our customers, we can today proudly present a wide range of shoes, for all ages, purposes and seasons.

For us at Material Consult, it has always been important to be flexible, helpful and personal in our customer service, at the same time as we offer high-quality shoes. Most of our shoes can be ordered in combination with different lasts, different sizes and different colors. Do not hesitate to contact us if you have any special requests!

This year we have 6 new models which all can be seen on the page to your right! Along with these new models that we keep in stock, we also have some new factory ordering models.

Also, do not forget to visit our website, Facebook and Instagram! All these channels are updated regularly with information and news! On our website www.materialconsult.se you can also find outgoing models at a discounted price!

Thank you for choosing Material Consult!

14802 Buttercup / M / w / WW

This popular Women's sandal offers beautiful, detailed styling with the convenience and comfort of an adjustable Velcro® brand closure at the top of the foot with a Velcro® strap extender for those who need even more room. A second adjustable strap at the heel allows you to secure the shoe. Soft materials and stretchy uppers along with the double depth and two removable insoles provide added comfort and room for prescribed orthotics.

Size: 6-10, 11-13 (US) (Women)

Specifications

(43-45) Sizes/Lasts/Names marked in red are factory orders. Delivery time 3-5 weeks.

FACTORY ORDERING

These pages (shoes) are available to order directly from the factory. Delivery time is 3-5 weeks. On request, all shoes can be ordered in different linings, lasts and colors.

Possibility to order different sizes and lasts for right and left shoes.

NAV: Model approved by NAV in Norway

Freelock, Advanced Wire Closure System: A system that enhances and simplifies the use of your shoes. The function guarantee a simple closure with a rotatable knob, and for release pull up the knob.

Ortopedic Fit System: A line of shoes and boots that are extra spacious, which together with low weight and comfort is suitable for people with special needs.

On steam: A synthetic microfiber lining which is 100% breathable, and with heat-regulating effect it provides maximum moisture absorption, and complete dryness inside the shoe.

Vibram® Arctic Grip sole technology, a new concept for cold weather conditions with icy surfaces, including wet ice.

Sympatex ALLWEATHER: A 100% waterproof membrane with excellent breathability. Suitable for all seasons.

Sympatex REFLEXION: A warm lining consisting of three layers. These layers are made of synthetic fur, membranes and aluminum. Where the aluminum reflects 75% of the heat from the foot. Suitable for autumn and winter.

GoreTex® Extended Comfort:

Extremely breathable and waterproof lining for all seasons. Particularly suitable for removal of heat.

GoreTex XCR® Performance Comfort:

Well breathable waterproof multipurpose lining. Suitable for varied conditions, summer and winter.

GoreTex XCR® Insulated Comfort:

Made for comfort and thermal insulation and waterproofing. Suitable for winter.

Conditions: We reserve the right to change the specifications listed in this catalog
